Page.
Struck by Lightning—Following a
day of repairs by the linemen of the
telephone company, the information
was given out that 60 telephone poles
had been struck by lightning during
Tuesday's storm. The northeastern
part of the city was the largest suf-
ferer in that regard.

Closing Ceremonies
Worthy President and Members
Taps
Louis Saville, Accompanist

BARBERS WILL CLOSE.

Union barber shops will close all
day Friday, May 30, and remain open
until 10:30 p. m. Thursday evening.

SCHOOLS CLOSE FOR SUMMER VACATION

Today practically marks the close
of the city public schools. All that
remains to be done before the build-
ings are vacated for the summer and
the principals and teachers are re-
leased is the final checking up of
books and material received during
the term.
The teachers must check up the
books of the individual rooms and
the reports are submitted to the
principals who in turn make their re-
port to the superintendent. The
books and supplies will be left in the
schools, with the exception of the
Grant, where all perishable articles
are to be removed in anticipation of
the remodeling to be done during the
summer.
Superintendent J. M. Mills called a
meeting of the principals this morn-
ing when final instructions were
given for the closing of the year's
business.
With the exception of the graduat-
ing class of the High school, the stu-
dents met with their teachers for the
last time and received their promo-
tion slips.
Today was the final and double pay-
day for teachers, principals and jan-
itors. The payroll amounted to \$23,
493.30.
Those teachers who have finished
their work are making preparations to
spend their vacations either on plea-
sure trips or in summer school work.
A number will enter the university
of Utah and the Agricultural college
of this state and others will go to
Greeley, Colo., or to Berkeley where
summer schools are to be conducted.
With each succeeding year the num-
ber of eastern teachers has decreased
so that there will be but few who will
leave Ogden to go to homes in the
east. The normal schools and col-
leges of the west have developed to
such an extent that the western stu-
dents are filling the teachers' posi-
tions.
The matter of caring for the school
gardens during the summer has come
up for discussion and it has been
decided to have the principals of the
schools delegate willing students to
the task. It is reported that the
movement has proven successful thus
far and that the boys and girls are
eager to care for their plants.
During the summer vacation, the
buildings will be thoroughly cleaned
and any possible improvements will
be made in the plumbing and heating
systems. The board desires to have
all school buildings heated by steam
and hot water.
When the students return to the
Grant school next fall, an almost new
building will greet them. Already the
buildings have advanced with their
work of dismantling and remodeling
and now that the school is vacant the
work can go on rapidly. The im-
provements to the building are to
cost \$28,000.
Arrangements have been made for
exhibits of school work to be placed
in the headquarters of the Ogden
schools in the Utah hotel during the
convention of the National Educa-
tional convention. Rooms have been
reserved which will be fitted up with
photographs of the various schools as
well as concrete examples of work
accomplished by Ogden public school
students during the year. Some of
the best articles made by the domes-
tic science classes and manual train-
ing students will be seen. It has been
suggested that the room be furnished
with the furniture manufactured by
the students of the High school, some
of which is on exhibit in the store-
house of the Boyle Furniture company.
Superintendent Mills, the board of
education and all officers connected
with the schools feel that the season
just finished has been a successful
one from every point of view.

CARNIVAL FOR THIS CITY IS PROPOSED

As a result of the announcement to
the effect that a celebration will be
held in Ogden upon the completion of
the "White Way," several carnival
companies have written the secretary
of the publicity bureau asking for in-
formation and asking for engage-
ments.
One of these companies presents a
water carnival and the uniqueness of
the amusement is attracting the at-
tention of the committee. It is prob-
able that the attraction, together with
several others, will be signed up to
make a big carnival event.

PAYROLLS OF THE CITY OF OGDEN

The city board of commissioners
this morning allowed the following
payrolls and claims:
Office salary \$2,072.50
Waterworks department 490.00
C. H. Martin 1.67
A. G. Jensen 470.00
W. H. Chevers 10.00
Total \$4,044.17
P. M. Poulson was refunded \$250,
paid on a liquor license which he
did not exercise. He sold his place
in April to G. A. Hansen but had paid
his license to June 30.

MANY RESORTS TO OPEN ON TOMORROW

With the coming of Decoration Day,
also comes the formal opening of the
pleasure resorts and preparations
have been made by the managers of
the various resorts to open with
attractive features.
Under the auspices of the Retail
Merchants' association, a big program
of amusements has been arranged to
be presented at the Fair grounds to-
morrow, beginning shortly after noon
and lasting throughout the day. There
will be races, both horse and motor,
and various athletic events, including
ball games, wrestling matches and
broncho busting.
The canyon will prove one of the
most popular resorts of the many in
the vicinity of Ogden, and the street
and large stumps and the sheriff be-
lieves a large gang of lazy husbands
can be kept busy several months
clearing the ground.

SOIL SURVEY WORK IN UTAH

The bureau of soils, United States
department of agriculture, has re-
sumed the field work of the soil
survey of Cache Valley, Utah, of

which approximately 150 square miles
remains to be surveyed. The survey
is being made for the purpose of de-
termining the different types of soil
in the area, and what crops they are
best adapted to.

The survey will be finished in the
fall, when the report will be pre-
pared and published later, together
with a soil map in color, showing the
locations and extent of the different
types of soil, farm houses, churches,
schools, railroads, public roads, and
streams in the area.

The bureau of soil has made par-
tial surveys in Boxelder, Davis, Salt
Lake, Sanpete, Utah, and Weber
counties, Utah.

CAMPFIRE GIRLS
The Utahna and Minnehaha branch-
es of the local Campfire girls will
meet at 9 a. m. tomorrow at the
home of Mrs. Virginia Mathews to
march to the cemetery with flowers.

WILL OBSERVE DECORATION DAY

Tomorrow is Decoration day and
from present appearances, the day will
be celebrated by organizations, asso-
ciations and citizens in a fitting man-
ner. Practically all the grocery
stores in the city will be closed dur-
ing the day, giving the proprietors
and clerks
Each evening, for several days past,
has seen large numbers working in
the lots of the cemeteries, cleaning
the grounds of the weeds and rub-
bish that has accumulated during the
winter and freshening up the lots
in anticipation of Decoration day.
Men who have not had time to do
the work before, will do it this eve-
ning.

The main celebration of the day
will be held at the Elks' home to-
morrow morning when Memorial day
services will be held in the lodge room
after a parade in which the members
of the G. A. R., the Ladies Relief
corps, band, grader and others will
participate. The parade will form
at the City hall at 9:45 o'clock and
after a short march will end at the
Elks' home where the services will
begin at 10:30 o'clock. To accommo-
date all who wish to attend the ser-
vices, additional chairs have been
placed in the lodge room and there
will be ample room for 800 people.
Appropriate decorations have been
added to the already beautiful quar-
ters.

Several days ago the ladies of the
Relief corps of the G. A. R. asked
for donations of cut flowers from the
school children to be brought to the
schools this morning from the home
gardens. The request was received
with enthusiasm by the boys and girls
and several auto loads of flowers were
donated. The Relief corps ladies
gathered the donations from the var-
ious schools and are caring for the
masses of flowers until tomorrow
when they will be used in decorating
the graves.

The annual Decoration day services
of the Modern Woodmen will also
be held tomorrow. A committee of
lodge men will visit the cemeteries
and decorate the graves of the dead
members of the organization.

Tomorrow will be the last day of
the shoot and it is expected that it
will be the most interesting day of the
tournament.

When the shooting is ended, more
than 25,000 rounds of ammunition
will have been fired, each man av-
eraging about 600 shots.

Today eight regular events for
prizes are on the program and the
shoot for individual championship, to-
gether with a contest for the Idaho
Falls medal are being offered. In the
15-bird events, a prize of \$15 is of-
fered and the 20-bird contest pays
\$20 to the winner. In the special
contests, \$25 cash prizes are offered
in each event.

W. H. Hardy of Denver
will give an exhibition of fancy rifle
and shotgun shooting at 4
o'clock tomorrow afternoon, during
the shooting tournament.

BULLETIN IS TO BE ISSUED BY CLUB

"The Tattler" is the title of a new
publication to make its appearance in
Ogden for the first time on June 1,
and will continue to appear each
month. The publication will tell what
the Weber club is doing and what the
Ogden Publicity bureau is doing. It
also will give a summary of the plans
of both organizations and at all times
will endeavor to help the business
men of the city. Its slogan will be
boost.

It is the intention of the Publicity
bureau to have the paper published
each month and send copies out en-
closed in the statements to the mem-
bers of the bureau.

Other clubs have adopted the pol-
icy of publishing a monthly bulletin
and the members of the Weber club
believe that the plan will prove help-
ful in Ogden.

LAZY MEN MUST WORK

Seattle, Wash., May 29.—Prepara-
tory to enforcing the new "lazy hus-
band" law, effective June 6, which
provides that husbands who do not
support their families shall be sen-
tenced to hard labor, the proceeds of
their work to be given to their wives,
plans for the construction of a stock
ade on sixty-three acres of logged-
off county lands were taken up today
by the county commissioners. The
land is covered with small timber
and large stumps and the sheriff be-
lieves a large gang of lazy husbands
can be kept busy several months
clearing the ground.

Wright's

A GOOD PLACE TO TRADE

Store Open Tonight Until 9:30
Closed All Day Friday

FIRE ENGINE IS TO BE TESTED SATURDAY

As a result of Chief A. B. Canfield
securing permission from Mayor H. G.
Hayball of Logan, the people of Og-
den will be given an opportunity of
seeing in actual operation one of the
latest designs of modern fire engines.
A big auto engine was ordered by
Logan several months ago from the
American La France Fire Engine
company and arrived in Ogden from
New York today. After much per-
mission, Mayor Hayball of Logan,
granted Chief Canfield the privilege
of demonstrating the engine in Ogden
on Saturday. After the exhibition it
will be sent to Logan.
To show what can be done in pump-
ing water from a pond or cistern in
case there are no hydrants, two lines
of hose will be turned into the four-
wheel engine and the auto engine will
be put to work pumping out the water
and forcing it through the hydrant
at the Reed hotel corner and a stream
of water will be directed to the
roof of the hotel.

To save the lives of the gold fish
in the fountain, the chief has made a
screen which will prevent the fish
from coming in contact with the
suction end of the hose.

Besides the local commissioners
there will be on hand to witness the
exhibition, the mayor of Rawlins,
Wyo., and the chief of the fire de-
partment; the fire chief and public
safety commissioner of Provo, a dele-
gation from Brigham and public of-
ficials of Logan. The board of un-
derwriters from Salt Lake will also
come to Ogden to note the power of
the engine.

The pumping apparatus of the en-
gine is operated by the same engine
that propels the machine and is cap-
able of pumping 800 gallons per min-
ute. Connected to a city hydrant, it
will raise the pressure of the stream
thrown from the hose from 75 pounds
to 160 pounds. The pump can throw
twice as much water upon a fire as
can a hose leading from an Ogden
hydrant. The engine is equipped with
a motor capable of developing 105
horse power.

The big auto was unloaded this
afternoon and will be given a tryout
through the streets of Ogden by the
demonstrator, G. A. Raynes, who is
accompanying the machine from the
factory.

Chief Canfield stated that a 10 per
cent reduction in the cost of all fire
insurance premiums at Logan will go
into effect as soon as the new engine
is added to the fire fighting equip-
ment of Logan.

WHITE MAN IS HUGGED BY NEGRESS

Mary Williams, a negress, was ar-
rested last evening and is being held
at the city jail with a charge of ro-
bbery against her, as a result of a com-
plaint made by Gus Condis, who al-
leges that the negress robbed him
of \$5.

According to the story told the po-
lice, Condis had been approached by
the woman on Wall avenue after 10
o'clock. Without ceremony, Mary
embraced him lovingly although he
struggled to be free. When he did
get away, he found his vest open and
a five-dollar bill extracted from an
inner pocket.

The woman set off through the al-
ley to the rear of the stores on lower
Twenty-fifth street. Condis notified
the police and Sergeant H. C. Peterson
and Patrolman Dan Sullivan arrested
the woman at the negro club, after
she had been pointed out by Condis.

GEO. WINGFIELD MOST FAMOUS NEVADAN

George Wingfield, who is attending
the Tri-State Gun club shoot in Og-
den, is one of the most prominent
mining men in the United States. He
was one of the men who made Gold-
field, entering that camp a poor man
to become one of the wealthiest min-
ing operators in the world.

Mr. Wingfield is a Republican in
politics and was offered the seat of
Senator Nixon whose death created a
vacancy in the Nevada delegation. He
is a strong protectionist and com-
mends Senator Francis G. Newlands
of his state who, though a Democrat,
has taken a firm stand against free
wool and free sugar.

"Senator Newlands' declaration that
the Democratic party is only pledged
to a revision of the tariff downward,
and not to a free trade policy, and
that the carrying into effect of the

GRADUATES AT THE ORPHEUM TONIGHT

The twenty-first annual commence-
ment exercises of the Ogden High
school will be held this evening at
the Orpheum theatre when the largest
senior class in the history of the
school will receive diplomas from the
superintendent. There are 75 young
men and women in the class.
For a final rehearsal of the short
program which will be presented, the
members of the graduating class met
on the stage of the Orpheum theatre
this morning and went through the
numbers of the program.

The following is the program for the
evening:
Music..... Orpheum Orchestra
Invocation..... Rev. J. E. Carver
Salutatory..... Miss Maude Allen
Chorus—"With Sheathed Swords"
(From "Damasco")—Mr. Clinton Jones
Double Quartet—"Who Is Silvia?"
—Fr. Schubert
Misses Iris Malone, Eva Fouts,
Edella Dalton and Ceelle Farley.
Messrs. Val Browning, Horace McFar-
lane, Cecil Wright and Harry Stowe.
Declaration—"Oh, No!"
—Mrs. Hugh Bell
Chorus—"Springtime"
(Arranged from "Beautiful Blue Dan-
ube")—Strauss-Palmer
Valedictory..... Mr. Roland Williams
Presentation of Graduates, in behalf
of faculty, Principal Henry Peterson
Conferring of diplomas, in behalf of
Board of Education..... J. M. Mills
At 8:25 this evening no seats will
be reserved.

Next year no seats will be reserved
as the system of issuing tickets is
found to result in many disappoint-
ments.

TO QUIET OPPOSITION

Tokio, May 29.—As the result of
the growing attacks by the opposi-
tion, the Japanese government today
took the elder statesmen and other
leaders, including Prince Taro Ka-
sura, the former premier, into its con-
fidence on the California question and
submitting to them the text of Ameri-
ca's reply to Japan's protest against
the California alien land ownership
legislation.

The text of the reply sent by Wash-
ington emphasized that the question
at issue is an economic and not a
political one. It points out that there
has been no violation of the Ameri-
can-Japanese treaty.

After lengthy dwelling on the
friendship of the United States for
Japan, the reply concludes that the
courts of law are open and expresses
the hope that the question may be
solved in a manner satisfactory to
Japan.

That the Japs May Know.
San Francisco, May 29.—The Japs
at a target three and a half miles dis-
tant at sea with six-inch disappearing
guns, the Sixth company, Coast Ar-
tillery, at Fort Winfield Scott, scored
fourteen hits out of fourteen shots
yesterday.

Effort is to be made by organized
labor to obtain better pay for po-
lice clerks and the movement will
have the backing of the American
Federation of Labor.
